### STRIKING GOLD

#### St James

Golden girls Arizona Muse, Neelam Gill and Caroline Issa glided to the Reform Club for the unveiling of Cartier's 2017 high jewellery collection, *Résonances de Cartier*, where harps sang and guests got to play dress-up in some seriously luxe gems as they tucked in to egg mayo sandwiches.

### FLIP-FLOP FUNDRAISING

#### Mayfair

The Havaianas & Women for Women International party at Sketch was certainly no (flip) flop, as Emilia Wickstead, Alice Temperley and Mary Katrantzou gathered to sip gin in celebration of a charity fashion auction of artwork, all inspired by the sandals. A real shoe of love.

### JUST COS

#### Kensington

Forget sculpture and installations — the food was the real art at the Cos x Serpentine Park Nights dinner, where Hans Ulrich Obrist spoke about the performances while Zawe Ashton and Matilda Lowther devoured yellowfin tuna tartare with tamari, compressed cucumber, radish and frozen yuzu so beautiful it deserved its own exhibition.
